# COMPLIANCE TO THE IRR OF THE DATA PRIVACY ACT & IMPLEMENTATION BEST PRACTICES

**FRIDAY, FEBRUARY 9, 2018\* MANILA MARRIOTT HOTEL, PASAY CITY, PHILIPPINES \* 9:00AM to 5:00PM**

Philippine based companies are given until September 9, 2017 to fully comply with the Implementing Rules and Regulations of the Data Privacy Act or Republic Act No. 10173 or face sanctions and penalties which range from one to six years imprisonment, and a fine ranging from Php500,000 and to Php5 million. Non-compliance of businesses can also lead to being issued an order to stop processing transactions, being ordered to pay damages to data subjects whose rights were violated and jailtime for accountable officers.

This one-day seminar will provide you a working understanding of the Data Privacy Act, its IRR, and implementation best practices. It will also guide you on your compliance requirements for an action plan to be fully compliant.

No long-winding lectures. Instead, we will focus on giving attendees a practical sense of the rules and their impact, as well as valuable insights to help prepare your organization on the challenges it presents. Don't be left behind with costly consequences. Attend and learn from the experts!
