INCOTERMS are the different types of shipping terms (via land, air, sea) used in all kinds of international trade transactions. The new set of INCOTERMS will take effect worldwide on January 1, 2020. The new rules are massive, sweeping as well as practical. These changes will have a tremendous impact on the trade documentation of exporters, importers, traders, bankers, insurers, freight forwarders and carriers, and will have critical implications for their businesses. Understanding these new rules and incorporating their use in sales contracts eliminates the uncertainties, errors and costly mistakes in the interpretations created in trade transactions.
