

Best Practices in DIGITAL TRANSFORMATION RISK MANAGEMENT

Featuring ISO IT-related Standards and Framework on Outsourcing Management and Digital Project Development

THURSDAY & FRIDAY, DECEMBER 2 & 3, 2021 * 1:30PM TO 4:45 PM via [ZOOM](#)

This is not the typical risk management training. It will feature a risk-based approach in the management of risks when your organization is to undertake or undergoing a digital transformation of its processes and system. This two-day executive briefing will enable the board and management to:

1. Visualize the digital service delivery system enabled by disruptive technologies and its impact on the business model of realizing benefits.
2. Identify the risk criteria of what harm, fails, or makes uncertain the creation of business value with digital transformation.
3. Examine the globally recognized control standards to guide the planning and monitoring of risk protection, prevention, response, and recovery.
4. Evaluate the appropriate use of a professional body of knowledge to manage effectiveness and efficiency outsourcing and digital development projects.

Enroll and get these valuable information!
